

Our Library

We love our library lots, we usually go there with Daddy on a Saturday morning. First, we go to the bakery near the library to get some yummy cakes. Lily got an Oreo cake and Archie got a Toblerone cake. Daddy got an after eight cake and we got Mommy a chocolate orange cake. In the library we went on an adventure to find all of the Beano characters which had been hidden in different places. When we found them all, we showed the librarian and they gave us a Beano bookmark as a prize.

Every year they have a different reading challenge in the library and this year it is a Beano themed challenge. You read five books and do a review of them and at the end you get a medal and a badge. We love borrowing different books from the library and we like to take them out and return them using the cool scanning machine which gives you a helpful receipt so you know when to return them so someone else can read them. Sometimes we borrow films to watch too. They usually have some art activities in the library and this time Archie coloured a superhero mask.

They also have events and one time we had a visit from someone who owned a pet shop and they brought in snakes and reptiles. We got to stroke and hold a snake and a bearded dragon lizard which was cool!

We love our library, we hope you do too!
